

# Questions to Ask Your Eye Doctor

Knowledge is power. The more you know about your condition and your options, the more successful you will be to take charge of your life with AMD. Here are questions you should consider asking your doctor at your next visit. They might not be relevant to your condition right now—it depends on your symptoms.

- 1.** What type of AMD do I have?
- 2.** Are both my eyes affected?
- 3.** Is my AMD progressing?
- 4.** Are there specific symptoms I should note?
- 5.** Are there lifestyle changes I can make to reduce my risk of progression?
- 6.** Which medical treatments are available for me?
- 7.** Are AREDS 2 eye vitamins right for me?
- 8.** Can you refer me to a visual rehabilitation clinic?
- 9.** Is it safe to drive?
